

SINTERED STONE

THE ABADI GROUP

Finishes

ULTRA LUX

Designed for statement spaces, this ultra-brilliant finish highlights the richness of the surface with a polished, elevated look that feels both bold and timeless.

POLISHED FINISH

A refined, high-gloss surface that enhances depth, movement, and detail. This finish reflects light beautifully, bringing a clean and sophisticated look to any space.

MATTE FINISH

Soft, smooth, and understated. Our matte finish offers a low-sheen surface with a modern feel, ideal for interiors that call for subtle elegance and a more natural look.

LEATHER FINISH

A balanced finish with a gentle sheen and soft texture. Satin adds warmth and dimension to the material while maintaining a refined and contemporary appearance.

Sintered Stone

DIMENSIONS

Property	Specification
Thickness	20 mm
Slab Size	1600 x 3200 x 20 mm
Available Finishes	Matte, Velvet, Honed, Full Body, Matt Full Body

RECOMMENDED APPLICATIONS

This material is suitable for residential and commercial applications, including:

- Kitchen countertops
- Bathroom vanities
- Wall cladding
- Flooring
- Furniture surfaces
- Interior architectural features
- Selected exterior applications, depending on project conditions

FINISH CHARACTERISTICS

Sintered Stone is available in multiple finish options to suit different design and performance needs:

MATTE

A smooth, low-sheen finish with a clean and contemporary appearance. Ideal for modern interiors and surfaces where a softer, non-glossy look is preferred.

VELVET

A refined soft-touch finish with a subtle texture and elegant appearance. Suitable for premium applications where a warmer and more tactile surface is desired.

HONED

A smooth finish with a natural stone-like appearance and minimal reflection. Recommended for projects seeking a sophisticated, understated surface.

FULL BODY

A through-body material option where the color and/or composition continues through the slab. This makes it suitable for exposed edges, miters, and detailed fabrication.

MATT FULL BODY

A matte full-body option that combines a low-sheen surface with through-body characteristics. Suitable for high-end applications where durability, exposed edges, and a refined finish are required.

MAINTENANCE

Clean regularly with a soft cloth, water, and a neutral pH cleaner. Avoid abrasive pads, harsh chemicals, waxes, sealers, or cleaners not recommended for sintered stone. Spills should be cleaned promptly to maintain the appearance of the surface.

PERFORMANCE

Sintered stone is known for:

- High resistance to stains
- High resistance to heat
- Low water absorption
- Easy maintenance
- Resistance to daily-use chemicals
- Suitable performance for high-traffic areas
- Durable surface for interior and exterior use

FABRICATION NOTES

Cutting, drilling, edging, and installation should be performed by qualified fabricators using tools suitable for sintered stone. Proper handling and support are required during fabrication and installation.

SAMPLES

Samples are available upon request for color, finish, and quality review before final approval.

The sky is the limit.

Endless colors, bold designs, and
elevanted finishes.

CRAFTED TO PERFECTION, INSTALLED WITH MASTERY

Every exceptional floor begins as a vision—but it’s the expertise of our craftsmen and installers that brings it to life with precision and intention. At TAG, our team is known for its meticulous technique and deep understanding of how premium flooring should perform in a space. Working with high-quality materials and refined installation methods, they ensure flawless alignment, seamless transitions, and a finish that elevates the design. It’s more than installation—it’s craftsmanship that defines the elegance and longevity of every TAG interior.

INNOVATIVE | INTERIOR | CONSTRUCTION

At TAG, we collaborate with developers, architects, and designers to create spaces that stand the test of time. Our approach focuses on selecting high-quality materials that combine design, functionality, and aesthetics for residential, commercial, and hospitality projects. Every detail matters, and our expertise allows us to provide solutions that elevate the architectural experience in every environment.
